Construction project on Highway 73 east of Watford City to begin Wednesday

A construction project will begin Wednesday, June 6, on ND Hwy 73 approximately 24 miles east of Watford City. The project will consist of repairing a half mile section of the roadway that was damaged due to a landslide in the area last year. During construction, the roadway will be closed to through traffic, but local traffic will be allowed to enter from the east or west end of the project. Through traffic must use an alternate route on ND Hwy 22 and ND Hwy 23.

The project is expected to be completed in August. For road information, call 511 from any type of phone or go to the website: www.dot.nd.gov.
